Re: ASC Semi Truck Parking Approval

Mr. Lindt,

As you are aware the Aspen Skiing Company is currently remodeling the second and third floor of the A building at 255 Gold Rivers Ct. We are nearing completion and are hopeful to have employees in the space on October 31, 2016. Our punch list will go past the 31st; however, the majority of construction will be complete at this time. One of our next steps is the install of our furniture, fixtures and equipment (FF&E). In an effort to simplify the unload of all FF&E we are requesting to place two semi-trucks on Two Rivers Road, one on October 19th and one on the 21st. The exact location is shown in the attached "ASC Tuck Location" document. The trucks will arrive at approximately 7 AM and will be parked until approximately 1 PM, at which time they will have been unloaded and will pull away. We respectfully ask that this be reviewed and approved at the Town Council meeting on October 11, 2016.

We appreciate your time and consideration!

James,

The Police Department is okay with the closure of the two streets. Please have the applicant make sure the streets are barricaded as represented on the provided map. Each closure spot will require two barricades and traffic cones. The intersection of Robinson St. and Harris St. needs to remain open for vehicular traffic at all times.

I also request the applicant provide volunteers to staff the closure barricades during the event. I believe one volunteer at each closure point will be adequate (four volunteers at all times the streets are closed).

Please let me know if you need additional information.

TOWN OF BASALT ACTION ITEM	Date: October 11, 2016 From: James Lindt, AICP, Assistant Planning Director

SUBJECT:
5A. Public Hearing and 2nd Reading on Code Amendments to Chapter 16, *Zoning*, regarding retail marijuana stores and medical marijuana centers

5B. Public Hearing and 1st Reading on Code Amendments to Chapter 6, *Business Licenses and Regulations*, regarding license provisions for marijuana facilities.

RECOMMENDATION:
5A. Staff received a request (see attached e-mail requesting this item be heard on October 11th) for the Town to go ahead and consider this ordinance at the October 11th meeting. Staff recommends that Council first provide a determination about whether to continue the public hearing and 2nd Reading on Ordinance No. 24, Series of 2016 to October 18, 2016 due to the Yom Kippur Holiday. If Council decides to go ahead and review this item at this meeting, Staff has provided the necessary back-up information to consider this item if the Council chooses to go ahead and consider the item.

5B. Staff received a request for the Town to go ahead and consider this ordinance at the October 11th meeting. Staff recommends that Council first provide a Council determination about whether to continue the public hearing and 1st Reading on Ordinance No. 25, Series of 2016 to October 18, 2016 due to the Yom Kippur Holiday. If Council decides to go ahead and review this item at this meeting, Staff has provided the necessary back-up information to consider this item if the Council chooses to go ahead and consider the item.

DETAIL:
The Council passed Resolution No. 27, Series of 2016 on July 12, 2016. The Resolution asked that the P&Z be directed to expand the allowable zoning districts where marijuana businesses will be allowed and that Staff be directed to rewrite the current Town Marijuana regulations to allow for four (4) licenses of any type of marijuana business. The proposed amendments attached to this memorandum were developed in response to the Town Council's direction.

Town Manager, Mike Scanlon, presented extensive backup to the Town Council on the background and history of marijuana regulations in the Town of Basalt. The packet materials for the Council's July 12th meeting were attached in the September 13th Council packet.

Currently Medical Marijuana Centers and Marijuana retail stores are permitted by the Zoning Code in areas zoned Industrial. Additionally, marijuana centers are allowed in areas zoned C-3 and P within medical centers, hospitals, or a hospice facility.

The locations where retail marijuana stores and medical marijuana centers can be located are also restricted by the buffers outlined in Chapter 6, Business Licenses and Regulations. This section of the code states that these facilities cannot be located within 1,000 feet of a school; 500 feet of day care facilities and 500 feet of major parks (the measurement now uses "direct pedestrian access") and along a designated school routes. Covenants and specific provisions in PUDs may also restrict the location of these facilities.

The P&Z recommended approval. P&Z asked Staff to prepare maps to help Council and applicants understand how the buffers affect the availability of property for retail marijuana stores or medical marijuana centers. Staff presented the buffer maps to the Council at the September 13th meeting.

Currently the C-2 downtown district does not allow for marijuana facilities. Simply allowing marijuana facilities in the C-2 zoned area does not substantially open up the area allowed for facilities because of the buffers from Lions Park and the School.

Last Meeting:

At the September 13th meeting, the Council approved the zoning amendment ordinance on first reading to permit marijuana stores in the C-2 and C-3 Zone Districts. Additionally, the Council decided that there was interest in further reviewing the changes to the operational characteristics for licensing proposed in Ordinance No. 25, but that there was not interest in amending the buffers or changing how the code addresses the number of licenses (2 retail and 2 medical). Staff has included a revised Ordinance No. 25 (draft attached), that does not propose to amend the buffers or the number of licenses permitted.

Regarding the buffers, Staff has received a request that the Town reconsider amending the buffers. In the event that the Council desires to consider the topic of amending the buffers further, Staff presented the following options at the last meeting related to the buffer from Parks, which impacts much of the downtown area zoned C-2:

1. Amend the buffers as provided in the Ordinance presented at the September 13th meeting (excerpt attached); or,
2. Leave Parks Buffer Unchanged; or,
3. Amend the Parks Buffer to be Consistent with Eagle County's 200-foot requirement (which is measured in a direct distance or as the "crow flies" methodology; or,
4. Amend the Parks Buffer to only prohibit sell of marijuana in properties directly adjacent to or across the street from the Parks listed in the Town Code.

Board Recommendations: The P&Z recommended approval of the amendments on August 16, 2016. The P&Z recommended that Staff prepare a buffer map, which was presented at the September 13th Council meeting.

Subject: Change Of Meeting Request

Madam Mayor,

This email is to request the Basalt Town Council to change a meeting date from October 18, 2016, to October 11, 2016 concerning;

- Ordinance No. 24, Series of 2016: An Ordinance of the Town Council of the Town of Basalt, Colorado, Approving Amendments to Portions of Chapter 16, Zoning, of the Municipal Code of the Town of Basalt, Colorado, Primarily Concerning Marijuana Stores.
- Ordinance No. 25, Series 2016: Ordinance of the Town Council of Basalt, Colorado, Amending Article V of Chapter 6, Business Licenses and Regulations, of the Municipal Code of the Town of Basalt, Colorado, Amending License Requirements for Retail Marijuana Stores and Amending the License Requirements for Medical Marijuana Centers and Facilities.

These Ordinances were originally set to be discussed on second reading for September 27, 2016 and were pushed to the Regularly scheduled Basalt Town Council meeting on October 11, 2016.

For no reason the meeting was reschedule to October 11, 2016.

It has taken 6 months to get to second reading on these Ordinances with several meetings where this has been tabled.

In a meeting 3 months ago Auden stated after the Town Council tabled this Application that these Applicants (Norm/Laura Clasen and Jack Pease) who traveled from Boulder would not get tabled or continued again. You, Mark Kittle, and Bernie Grauer agreed with Auden.

This is Governance. Sticking to Regularly Scheduled Council Meetings and respecting the Public Trust is very important.

Please let me know how to proceed.

David Schoenberger

James,

In the best interest of valley youth I do not think that a pot shop located near St Vincent's would be wise. Youth have enough bad influences around them and we do not need to put it into their faces more.

I hope you take this into consideration.

Subject: Re-zoning in downtown Basalt

Dear Mr. Lindt,

I am writing on behalf of the parishoners and parents of St. Vincent's Catholic Church. It has recently been brought to our attention that there is a possibility of re-zoning to accomodate the request of a marajuana shop in the 3 Bears Builing in downtown Basalt. As it stands, planning and zoning laws prohibit marajuana shops being in close proximity to schools and child care facilities. This is for the safety of the children...so too in the instance of a church where many students frequent 2-3 afternoons a week, not to mention when attending mass on the weekends. Please do not allow this building to be re-zoned in order to accomodate a marajuana shop. If our children's safety is of utmost importance and that is why we keep shops like this away from child care centers and schools, churches who provide religious education should also fall under this "blanket of protection."

Sincerely,
Krista Lasko

Subject: Proposed Recreational Marijuana Shop Basalt

Hi James:

This letter is in regards to the proposal to allow a recreational marijuana shop to operate at the 3 Bears Building on Midland Avenue.

This proposed location is directly across the street from St Vincent's Parish, which is our home parish.

As you are aware St Vincent's conducts after school classes and acts as a de facto child care facility for a large concentration of Basalt's preteen and teenage children.

Much like a school this area should be considered within the 800 yard buffer zone and therefore should not be considered.

Allowing this would not set a good example or send the right message to either the children, residents of the surrounding area or people visiting our town.

Regulated establishments should reside where there is no potential unintended effects by promoting and/or advertising something we wish to keep away from our adolescents.

Please pass this on to the town council.

Thank you.

Subject: Recreational Marijuana Shop in Basalt

Mr. James Lindt and Basalt Council Members,

The Town of Basalt is considering re-zoning the 3 Bears Building on Midland Avenue, owned by Norm and Laura Clasen across from St. Vincent Church for the use of a recreational marijuana shop. Right now the zoning rules states that there will not be a recreational marijuana shop within 800 yard buffer of a school or child care center.

The children and teens of Basalt come to St. Vincent Church throughout the week regularly, making it the highest concentration of children outside the school zone in Basalt. For this reason alone the re-zoning should be denied.

Zoning was arranged on Midland Avenue to create a certain quality of life. This business is contrary to that life style. The marijuana products allowed by current laws were not envisioned and the potency and stench of certain plants will degrade the center of town dramatically.

Imagine 3 bears in knit caps sleeping blissed out on the Church lawn!

Keep the zoning current.

Hi James and City council

I don't think Basalt needs a pot shop. There are enough in the valley. I'm also concerned about the proposed location across from my church, St. Vincent's. The church is used for services on Saturday and Sunday but also as a school on the weekdays for religious education after school.

Please consider the distance from the proposed shop to the church and its school function and use the same regulations used to protect the public schools

As a 43 year resident of Basalt and a past Councilman I'm aware of the pressures that are placed on Council members, however I don't feel that the downtown core of Basalt needs a 'Pot Shop'. Since the biggest commercial core of Basalt seems to be the Willett's area, why not put the 'Pot Shop' there where most of the people are.

If the current code calls for an 800 yard buffer from schools, which is only 80 yards short of 1/2 mile. Taking a compass and drawing a 2400' arc on a town of Basalt map from the closest school property point, this are would come close to taking in the entire business core of Basalt. Not to mention that St. Vincent's Catholic Church has religious education classes after school at least two nights a week. These classes involve kids anywhere from 4 to 18 years of age.

Take the 'Pot Shop' to Willett's where the bulk of the people are!

Subject: Recreational Marijuana Establishment

Good afternoon,

I am writing in regards to the new recreational marijuana establishment that would like to set up shop across from our catholic church here in Basalt and the reasons I would not like for this type of business to be so close to the church.

First and foremost, I wanted to share with you that St. Vincent's Church is a very sacred place for myself and for my family. My family and I come to mass on Sundays and attend church activities throughout the week as well. It's a place of peace for me and I would like for it to continue to be that for my kids as well. My children attend catechism classes after school on Mondays and I know from experience that there is a very large amount of children that attend, too. I would feel very uncomfortable having my little ones so close to a pot shop as they shouldn't have to be exposed to certain things at their age. I would not like for them to have to walk by a liquor store or a place to purchase tobacco either. I would like to add that young teens also attend youth group at the church and I don't think they need any more temptations in their life to participate in or to engage in certain activities meant only for adults.

Personally, I have no issues with a recreational marijuana store opening up in our town. But why does it have to be so close to where our children frequently attend to build and fortify their faith? I am certain there are many other places to open up a pot shop here in our quiet town. I hope you take this letter into consideration before making a final decision that will certainly have a very big impact on everyone that makes this community the best place to live in our valley.

Thank you for your time,

Subject: Pot Shop in Basalt

I just got a message that the town is considering allowing recreational marijuana sales in Basalt. In particular Midland Avenue.

I absolutely oppose the sale of recreational marijuana anywhere but I got out voted on that. I definitely don't want to see marijuana sold in Basalt. We are a community of families with children. Maybe once upon a time it was not the case but now as grown ups we need to be responsible. Marijuana is a drug. You can say all you want about it's benefits it is still a DRUG!!!! I never want to see a sign or smell the smell or hear the fans filtering the air that reminds me that you can actually buy it and use it for FUN!!! I know you see \$\$\$ on tax revenues. Obviously the entire state thinks the same way... At least don't promote it... They took commercials off tv about tobacco. Why would you ever advertise the sale of marijuana!

I spend a lot of time educating my kids on drugs and the harm they cause and then the government undermines me by allowing it to be sold like candy. It is so ridiculous. Where do you put strip clubs, night clubs, x-rated porn shops, and casinos? Right next door to head shops and Pot stores. These businesses have no business on main street, in old town, downtown, the town center, around any public or community locations or within any city limits ever. I am appalled that Basalt can't find places outside the city limits to locate these businesses!!

Now since you are actually allowing the sale of marijuana in the city limits I certainly hope you will not push the sales into my residential neighborhood and onto my streets and sidewalks where I shop, dine, and take my kids to the movies, to school and church. Midland Avenue... The main street of Basalt. School buses go by, kids walk downtown to get ice cream, there are art galleries, a barber shop, dentist offices, and restaurants. There is also a church that teaches religious education during the week, hold meetings, has services with families and children all throughout the week. Can't get more wholesome than that and you want to sell drugs there? You are actually considering putting a recreational marijuana store across the street from a church! Do you really want to attract people to downtown? or just a "certain" crowd. I am not alone in disagreeing with this. I highly doubt putting a business like this downtown will attract the kind of customer that Basalt would like to have. Unless you want a bad reputation I strongly suggest you find another location outside the city limits. This is just a bad idea!!

Let's get back to reality and let drugs be prescribed by professional doctors and not solicited by people and businesses to people and children that have not been educated about how they are made and the side effects they have. Time to grow up!!
