

BASALT TOWN COUNCIL

And

BASALT PLANNING AND ZONING COMMISSION

NOTICE AND AGENDA

Arbaney Park Picnic Shelter Area

Tuesday, September 1, 2020 at 5:00 PM

-
- 5:00 pm** **Worksession of P&Z and Town Council**
- Meet and Greet
 - P&Z Members Highlight their Aspirations for Basalt and the P&Z's Future Efforts
 - Council and P&Z Discussion
- 6:00 pm** **Adjourn**

Information:

1. **Public** - The public can observe the worksession by standing or sitting around the Picnic Shelter from a correct social distance. As this is a worksession, no public comment will be taken. The meeting will not be televised. Anyone observing the meeting must wear a face covering unless they are under 2 years of age or have a medical condition.
2. **P&Z Regular Meeting and Public Hearing** – Will be held starting at 6:30 pm by ZOOM. See separate agenda.

Provided below and attached are the Vision Statement from the 2020 Basalt Master Plan adopted by the Council and P&Z along with other information on the ideas and themes expressed through the Public Process. The 2020 Master Plan can be downloaded from the Planning Department Page on the Town's website www.basalt.net

VISION STATEMENT

“**B**ASALT is a socially and economically diverse community that respects its cultural heritage, protects its natural environment, promotes creativity and healthy lifestyles, and works together to secure a sustainable future for all.”

The Vision statement sets the stage for Goals, Objectives, Actions and all other implementation tools.

Visioning Inspiration and Ideas Expressed Throughout the Public Process:

“Density over Sprawl”

“Embrace the Rivers”

“Encourage Mixed Use In Old Town”

“Cultivate *Town Pride*”

“Preserve Open Space around Town”

“Keep the Quaint Small-town Atmosphere”

“An engaging, sustainable, environmentally conscientious living.”

A Strategic Approach

Significant guidance in developing the 2020 Master Plan came from the Town's Strategic Framework. This is a critical expression of the Town's future policy direction and this master plan embraces the Strategic Framework's values in the Vision and Goals (Part II). The Strategic Framework's four Focus Areas of *Community*, *Built Environment*, *Local Economy*, and *Environment* are congruent with the Master Plan's eight themes (see below). Strategic Framework Action Items are carried throughout the Master Plan's Objectives and are implemented by the List of Projects.

STRATEGIC FRAMEWORK FOCUS AREAS

COMMUNITY
 ENVIRONMENT
 LOCAL ECONOMY
 BUILT ENVIRONMENT

MASTER PLAN THEMES

-  PEOPLE & COMMUNITY CHARACTER
-  AFFORDABLE & INCLUSIVE LIVING
-  CONNECTED & SAFE MOVEMENT & ACCESS
-  AUTHENTIC PLACES & DESTINATIONS

Subject: Letter regarding Basalt Town Council with P & Z meeting this Tues
Attachments: Basalt Town Council and P & Z worksession on Arbaney Park Tues Aug 18.docx

Caution: Sender from outside domain.

Sorry for the short notice on this letter for a Basalt Town Council and P & Z meeting this Tuesday on Arbaney Park. Agenda attached below.

Note: Pam Schilling please forward this email to P & Z members.

Dear Editor -

Thank goodness most people I come across in mid-valley are social distancing and wearing their designer face coverings.

That hard work has paid off ... finally ... with masks-on & social distancing ... next to the Basalt Arbaney Park outside swimming pool ... under the Arbaney Park Picnic Shelter ... on Tues @ 4 pm ...

Mayor Kane & Town Council are hosting a worksession with Planning & Zoning to Meet & Greet each other with the goal of discussing their aspirations for Basalt's future with Arbaney Park.

When Mayor Kane takes everyone on a tour to showcase the footprint of the property - put your sunglasses on when U get to the outside pool as the water is so sparkly clean U can see diamonds of bright sunshine dancing in the water. (Thank U to Basalt's "Rob" the forever pool guy.)

Fall swimming is the best way to get into shape for winter skiing. Yikes. The Basalt pool may be closing in two weeks on Labor Day for the season.

Who in Basalt wants to drive an hour when the weather is still warm & sunny to Glenwood or Snowmass or Aspen to swim laps, aqua jog, family play time, disabled work-outs or water exercise when Basalt has the best pool in the valley right in Basalt's own hometown?

Contact Mayor Bill Kane & Council members along with Manager Ryan Mahoney to ask that the diamonds in the swimming pool remain through the fall season.

It is no fun being a fish out of water. Basalt deserves fall swimming in their own home town.

Thank U.

Toni Kronberg
